Pastor Kathy has been released from Baptist Village and is at her home in OKC. She is signed up for physical therapy and occupational therapy this month. Evaluations continue on these to determine when she will be able to move to out-patient in Pawhuska. She is continuing to improve and looking forward to being here again.

I wondered if she would be spoiled by three meals a day cooked by someone else. In posing the question of her current access to fine dining options, she replied that her brother Tom is making sure there is plenty to eat. I'm not sure that means he is cooking. She is hanging in there and remaining positive and her destination is to be with us again as soon as possible.

Oh, come now, it's too hot to cook. It's summer, so we can eat summer things. Plan to gather in the fellowship hall on July 12th following worship and share some provided eats and have some fellowship time with your PDC family members. Just show up.

Confession: I am behind on completing the newsletter this month. My 'excuse' is that I've injured a muscle in my neck and across the shoulder and I'm still doing the ouchie dance. I'm going to send the newsletter this month without the Bible Nuggets.

**New Address for Sarah and Layton Lamsam  
180 Seneca Pl, Mars, PA 16046**

After a 7 year residency completed, the family has moved to Mars, PA where Layton is doing a year's Fellowship at Allegheny General. His study is in epilepsy.

The family is renting for a year and has found a home in a lovely family oriented neighborhood with playgrounds. Sarah is going to enjoy staying at home with the kids. One is 3 and the other is 21 months.

Everyone has moved, and Steve went to help with the moving process. Sheila was able to visit after the move to Mars and has had mother and grandmother time there.

Blessings on Layton and Sarah in their new adventure.

## Bartlesville Chapter, NSDAR Presents Community Service Award.

At the June meeting of Bartlesville Chapter, NSDAR, LouAnna Allen was recognized for her service and long commitment to The Lighthouse Outreach Center in Bartlesville. She was presented with the DAR Community Service Award. Pictured are LouAnna Allen and Honorary Regent Deb Cook.

### **Congratulations, LouAnna!**

As a member of the chapter, I am thrilled that they chose to recognize LouAnna for her commitment to this ministry. God truly has blessed her and is using her to share her love and understanding with others.

**It was time for a family meeting! Picking a place to vacation led the Tyler Thomas family to make the decision to do something none of them had ever done before... they picked hiking!**

Off the family headed to the Grand Staircase National Monument in Escalante, Utah.

“Grand Staircase-Escalante National Monument is a vast area located in southern Utah, covering nearly 1.9 million acres of diverse landscapes, including cliffs, canyons, plateaus, and badlands. Established in 1996, it offers numerous outdoor activities such as hiking, camping, off-roading, and exploring.

One of the hallmark features of the monument is its geological significance. The area is known for its colorful rock formations that tell a story spanning millions of years. The monument is also renowned for its rich paleontological history, including numerous recent and significant dinosaur discoveries, which continue to draw researchers and visitors eager to learn more about the ancient past.

With its remote wilderness and variety of motorized and non-motorized recreational opportunities, Grand Staircase-Escalante National Monument is an ideal destination for those seeking adventure and natural beauty.” *Quote: blm.gov. (U.S. Department of the Interior Bureau of Land Management*

They were extremely happy with their tour guide and know they had the best experience possible. He even knew just the right places for photos and took them for the group. This was a 5.6 mile hike with beautiful scenery and squeeze tight places. Yes, you have to see if you will fit before you go. You have to make sure the backpack will fit through some of the narrower places. Someone in the family told me that they told Tyler it was a 3 mile hike. Surprise!

I asked Hannah if they would go again, and she said “Absolutely yes!”
